MEMORANDUM FOR: Chief, Headquarters Security Branch, OS

FROM: Coordinator for Academic Affairs, OEXA

SUBJECT: Briefing of Group of Students from Illinois
Wesleyan University at Headquarters,
20 January 1983

1. I was unable to find an appropriate briefing room on the first floor, but was able to secure the DDI Conference Room (7E32) for use in briefing approximately 11 individuals, (10 students, 1 professor), from 9:30 to 11:30 on 20 January.

2. Following the signing-in of visitors at the Reception Desk, I propose to take them by the shortest route to Room 7E32. Following the briefing, I shall, similarly, bring them directly back to the main entrance of Headquarters building for their departure.

3. Unless I hear from you to the contrary, I shall assume that your office has no problems with the arrangement outlined above.

4. Thank you for your cooperation.

Dear Professor Leh:

This letter is to confirm my phone conversation with one of your colleagues on 24 September during which I agreed, on behalf of the Central Intelligence Agency, to organize a briefing for you and your students at our Headquarters in McLean, Virginia on 20 January 1983. I have secured the services of [redacted] the Agency's senior briefing officer, who will tailor his remarks to cover the points suggested in your letter. He plans to speak for about 45 minutes and allow an equal amount of time for questions. Following his remarks, a representative of our Recruitment Division would like a few minutes to present some information on the qualifications, academic and personal, that CIA is looking for in the young people it is currently seeking to recruit. Members of other college groups have found that kind of information of use in examining career opportunities.

STAT

I propose that your group arrive at Headquarters at 9:30 and leave at approximately 11:30 a.m. I would prefer that you provide your own transportation but, if that is not possible, please let me know and I shall see if an Agency bus is available at that time. As you may recall from your earlier visits, you must submit a list of names and social security numbers of all who are to attend the briefing to me at least three weeks prior to your visit. You may also recall that CIA regulations preclude attendance by non-U.S. citizens.

I hope that the above plans and requirements meet with your approval. If you have questions or last minute changes in your plans, please phone me on [redacted]

STAT

I look forward to greeting you and your class on January 20th.

Sincerely,

Mr. William J. Casey, Director of Central Intelligence

Dear Mr. Casey:

I am Associate Professor of Political Science at Illinois Wesleyan University, a liberal arts institution in Bloomington, Illinois, which each January arranges a number of travel courses for its students. During January, 1983, I am scheduled to bring about twelve students to Washington to study Foreign Policy Formation, and I am inquiring to determine whether the Central Intelligence Agency would be willing to provide us with one of our briefings during that time. We would be interested in knowing whatever you think is important to tell us. But in particular, how intelligence and its collection influences the policy process, and the foreign policy itself. We will want to know about the intelligence community, and the position of the Director in governing it, as well as his success in doing so. We are interested in the principles of intelligence collection as the C. I. A. sees it, in the roles of live and printed sources of information, and the role of ethics.

In 1978, my class and I traveled to the Agency in one of your busses. In 1981, we drove to McLean in rented cars. How would you like us to arrive this year? We will try to cooperate with anything you have in mind.

We plan being in Washington for this purpose during the week of January 17-21 (Monday-Friday), 1983. We are planning to hold one briefing during the morning, and one briefing during the afternoon each day, to enable us to travel around the city. Morning briefings could begin at any time from 8:30 to 10:00 AM; afternoon briefings, (depending on the time when the morning briefing ends, and to allow for travel and lunch) at any time from 1:00 to 2:30 PM.

We are accustomed, during our briefings, to about a forty-five minute presentation, followed by forty-five minutes for questions from the students, but if your format is different, we are willing to accede, although we would like to have the opportunity to ask some questions.

If you would like to propose a morning or afternoon session for a briefing, and indicate a specific time when you would like us to be present, I will place you on our schedule. You may do this either by writing me, or by telephoning me, at (309) 556-3030.

I look forward to hearing from you about our briefing.

Very truly yours,

Robert G. Leh

Dear 

Thank you for planning and supervising the briefing we received from the Central Intelligence Agency, on January 20, when I brought my students to Washington, D. C. for briefings on the foreign policy process. We were successful in receiving a number of good briefings, and our success was in no small part due to your efforts in our behalf.

I particularly appreciate your willingness to delay the start of our briefing one hour because we were lost driving to the Agency. We also appreciate your willingness to add an extra half-hour to the briefing.

Thank you.

Sincerely,

Robert G. Leh
